90 Bushel Wheat

When you use the best you grow the best!

2010 Kansas Blue Ribbon Award for C4 Treated Wheat

C4 has taken its place as the best foliar fertilizer on the market as reports pour in from across the country. Test plots, documented studies, awards, personal testimonies, etc. all prove the phenomenal results growers are having with C4.

Farmers finally have a fertility product in C4 that gives the results we've all been looking for!

Judging Score

Factor	Sample Analysis	Possible Score	Actual Score
Variety/Mill-Bake		250	185
Protein	14.9	225	114
Test Weight	62.2	200	144
Dockage	0.2	200	200
Shrunken & Broken	1.2	100	80
Crop Card Data		25	24
Total		1000	747

Analysis by: Colby KGIS Lab
Card courtesy of the Kansas Wheat Commission

Effective ♦ Affordable ♦ Highly Versatile

Higher Nutrient Uptake ♦ Bigger & Better Yields

Stronger Plant Immune System ♦ Less Insect/Fungus Pressure
